Point of Sale Display Systems

Product description

When it comes to promotions, brand activation, events or product marketing Re-board let's you expand your horizons with show stands that are guaranteed to make your product or brand stand out from the rest.

Due to its strength, maneuverability and versatility Re-board represents the future in display stand design. Customised units may be printed and cut to create highly functional, attractive and modern display stands. Any shape / design is achievable whether two or three dimensional.

Perfect for events, promotions or even for use in your showroom.

Re-Board - Custom Furniture

Product description

Made 100% from Re-board, this trendy furniture is lightweight and incredibly durable. Very stable and easy to assemble. The seat and backrest can be branded, which makes this the perfect product for campaigns with printed messages.

Beautifully finished and with crystal clear prints, this furniture is ideal for any interior setting, promotions or any branding requirements.

Print big, be colourful, get creative and get noticed!

Forex | Correx | ABS | Di-Bond | Perspex

Product description

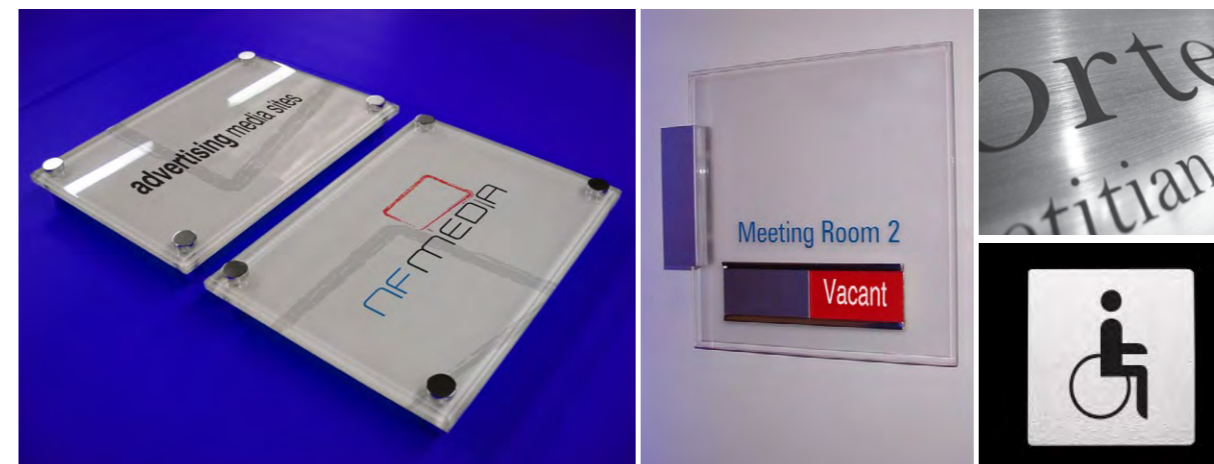

Forex, Correx, ABS, Di-Bond and Perspex printed boards are often used for company building signs, information boards, hoardings, event signage or point of sale display units. Across these substrates you can print temporary to permanent signage depending on requirements.

As with our other printed boards they're printed using digital flatbed technology, with a near photographic quality print. Custom products may easily be printed and cut out in any shape for stunning 2D or 3D display units.
